

Jason Henry Wittrock Memorial Scholarship

The University of Oklahoma College of Architecture division of Construction Science is honored to announce the Jason Henry Wittrock Memorial Scholarship endowed by John Wittrock and Jennifer Curtis.

John C. Wittrock, a 1995 graduate with Distinction in Construction Science and Business Administration, established this scholarship in memory of his deceased younger brother, Jason Henry Wittrock. Jason was an OU student who died on campus in December 1994 from injuries sustained in an accident at the Phi Kappa Psi fraternity house. Jason was a great person with a big heart who was always there to help others. Our family and his numerous friends miss him dearly.

Eligible applicants must be full-time, regularly enrolled students in the University of Oklahoma College of Architecture, Construction Sciences program. Any eligible deserving undergraduate or graduate student is qualified for either an initial award or a subsequent award if, in the opinion of the selection committee, the student is making satisfactory progress toward graduation, the student needs supplemental financial assistance, and the student is actively providing community service within the State of Oklahoma. For purpose of this scholarship, satisfactory progress shall be defined as the achievement of and maintenance of at least a 2.5 overall grade point average on a 4.0 scale and community service shall be defined as providing written evidence of being an officer or a member of a charitable organization such as Habitat for Humanity and donating a minimum of 20 volunteer hours per semester to the charitable organization.
